U. S. CAVALRY IS IN JEOPARDY IN MEXICO

PRECAUTIONS TAKEN AGAINST ATTACK BY RUSHING TROOPS TO THE FRONT

(By Associated Press.)

WASHINGTON, APR. 14.—WHEN SECRETARY BAKER LEFT THE CABINET MEETING HE SAID THERE WAS ABSOLUTELY NO CHANGE IN THE MEXICAN SITUATION. IN CONGRESS THERE IS A STRONG UNDERCURRENT OF SENTIMENT, CHIEFLY AMONG REPUBLICANS, THAT THE EMBARGO ON MUNITIONS OF WAR TO MEXICO SHOULD BE ENFORCED.

"THE PROBLEM CONFRONTING THE UNITED STATES IS HOW LONG IT WILL BE WISE TO KEEP A FORCE IN MEXICO," SAID SENATOR STONE. "WE NEVER BELIEVED WE WOULD CAPTURE VILLA."

MR. McLEMORE INTRODUCED A RESOLUTION IN THE HOUSE THAT "AMERICAN FORCES SHOULD NOT FOR ANY REASON BE WITHDRAWN UNTIL VILLA IS KILLED, CAPTURED OR FORCED INTO EXILE." THIS WAS REFERRED TO THE COMMITTEE ON FOREIGN AFFAIRS.

UNITED STATES CAVALRY IS IN VERY GRAVE DANGER

(By Associated Press.)

WASHINGTON, APR. 14.—REPORTS INDICATED THERE HAS BEEN NO FURTHER FIGHTING BETWEEN AMERICAN TROOPS AND MEXICANS SINCE THE AFFRAY AT PARRAL.

ANXIETY IS FELT OVER THE FATE OF MAJOR TOMPKINS, WHOSE SMALL FORCE OF CAVALRY WAS ATTACKED IN PARRAL. HE IS KNOWN TO BE OUTNUMBERED AND PERHAPS BELEAGUERED IN AN ANTI-AMERICAN DISTRICT WHERE IT IS FEARED THE TROOPS ARE POSSIBLY IN GRAVE DANGER.

CYANIDE OF POTASSIUM, THE MOST DEADLY OF ALL POISONS, WAS FOUND IN THE HEADWATERS OF THE CAPITOLINE MOUNTAIN STREAMS SOUTH OF MADERA, ACCORDING TO ARMY OFFICERS WHO

ARRIVED AT THE BORDER TODAY. THE POISON WAS FOUND IN THE WATER WHICH THE UNITED STATES SOLDIERS WERE EXPECTING TO DRINK BY AN ARMY SURGEON WHO WAS GOING AHEAD OF THE TROOPS AND MAKING TESTS OF ALL WATER BEFORE CAMPS WERE ESTABLISHED.

(By Associated Press.)

PERSHING'S CAMP, AEROPLANE TO CHIHUAHUA, APR. 14.—FORTY MOUNTED MEN, BELIEVED TO BE VILLISTAS, ATTACKED AN AMERICAN AUTO SUPPLY TRAIN TUESDAY NIGHT AND WERE DRIVEN OFF. ONE VILLISTA WAS KILLED. THE BATTLE OCCURRED DURING THE MOVING OF HEADQUARTERS AND THE FIGHT WAS SEVERAL MILES IN THE REAR OF GENERAL PERSHING WITH WHOM GENERAL GARZA AND 4,000 CARRANZISTAS ARE CO-OPERATING.

STRENGTHENING THEIR LINE OF COMMUNICATION

(By Associated Press.)

EL PASO, APR. 14.—THE LINE OF COMMUNICATION OVER 400 MILES TO GENERAL PERSHING IS BEING STRENGTHENED TO MEET ANY EMERGENCY. AMERICAN SCOUTS ARE WATCHING PULPITO PASS, SONORA, INTO THE CASAS GRANDES DISTRICT FOR THE APPEARANCE OF GENERAL GOMEZ COMMANDING 2,500 CARRANZISTAS. GOMEZ IS AWAITING ORDERS TO MOVE IN THE VILLA PURSUIT. IN THE EVENT OF TROUBLE GOMEZ IS IN A POSITION TO STRIKE THE LINE OF AMERICAN COMMUNICATION.

AN UNCONFIRMED REPORT SAID MORE THAN 100 CARRANZISTA CIVILIANS WERE KILLED OR WOUNDED AT PARRAL.

SECRETARY LANSING IS STANDING PAT

(By Associated Press.)

WASHINGTON, APR. 14.—SECRETARY LANSING HAS ANNOUNCED HE IS PREPARED TO TREAT WITH CARRANZA'S PROPOSAL FOR THE WITHDRAWAL OF TROOPS FROM MEXICO. HE ADDED, HOWEVER, THAT NO IMMEDIATE WITHDRAWAL WAS IN CONTEMPLATION. HE WILL INFORM CARRANZA TO THAT EFFECT AND THEN DISCUSS THE TIME AND MANNER OF THE REMOVAL OF TROOPS.

THE SECRETARY'S ANNOUNCEMENT IS TAKEN TO MEAN THAT INASMUCH AS THE UNITED STATES FULLY EXPECTED TO WITHDRAW ITS TROOPS WHEN THE VILLA CHASE ENDED, SOME FORMAL ANNOUNCEMENT WILL BE MADE.

LANSING SAID THE UNITED STATES HAD NOT AGREED TO RESTRICT THE EXPEDITION TO THE TERRITORY IT HAD REACHED MARCH 23 AND EVIDENTLY THERE WAS SOME MISUNDERSTANDING ON CARRANZA'S PART IN THAT RESPECT.

RESUME ACTION AROUND VERDUN

VIOLENT BOMBARDMENT BY THE GERMANS WEST OF THE MEUSE

(By Associated Press.)

LONDON, APR. 14.—The French positions near hill 304 Verdun west of the Meuse were subjected to violent bombardment today. East of the Meuse there was a recrudescence of activity on the part of the Germans although no heavy actions were recorded, according to a Paris communication.

The Turkish war office reported the defeat of three Russian cavalry regiments by Persians and Turks in Persian Armenia. A British announcement says the British defeated the Turks in Mesopotamia and drove them back from one to three miles.

The Germans have been obliged to pause in order to fill up the gaps in their ranks, to replace damaged guns and to bring up munitions. It is believed that the French command is not likely to modify its methods. General Petain is said to be quite satisfied as long as the Germans go on losing three times as many men as the French for unimportant results, as he knows that he has ample reserves to press a counter attack on a large scale when the opportune time comes and stocks of ammunition are practically inexhaustible.

Since the first month of the war the output of three inch shells in France increased 33 1/2 times. Twenty-three times as many 75-millimeter guns are being made as in August, 1914, and the manufacture of heavy guns has increased in the same ratio.

PYROMANIAC CONSPIRATORS

FOUR GERMAN BOMB PLOTTERS BELIEVED TO BE RESPONSIBLE FOR LOSS

(By Associated Press.)

NEW YORK, APR. 14.—The police believe that the four Germans arrested for the alleged bomb conspiracy to prevent munitions being shipped to the entente allies, are responsible for fires on at least thirty-three steamers, with a damage of \$4,000,000. Detectives said one of the prisoners arrested asserted that Von Papen, the ex-attache of the embassy at Washington, sent him to act at Hoboken to place a bomb.

Johnson in a letter to a group of candidates for election as delegates to the Republican national convention designating themselves United Republicans. The governor says he will continue to be a progressive as long as the party lasts, "or until there shall be what every man who follows passing events looks forward to—joint action upon the common ground of the Progressives and Republicans at their conventions."

The principal subjects to be discussed are the benefits of co-operation in securing greater efficiency; and the methods successfully followed in Philadelphia, St. Louis, St. Paul and other cities. Other questions to be discussed are: The engineering profession as a whole in its present condition as regards public esteem; Reasons for decline in attendance at engineering colleges; Is it indicative of healthful conditions or of proper methods of education? Legislative activity, proper limits to be set, dangers to be avoided and needs of more systematic and better directed efforts.

By appointment he met Miss Hall here Tuesday morning, he says, their intention being to pick out an automobile with the \$1,800, become man and wife, and then return to Nevada in the machine for their honeymoon.
